

# Composting Photo Competition 2016

Entries are invited for Tweed Shire Council's 2016 Compost Awareness Week photo competition.

**Tweed Shire Council invites primary, high schools and community members to get clicking and enter a photo competition to celebrate Compost Awareness Week Monday 2 - Sunday 8 May 2016. The competition will promote composting, as well as awareness of Council's up and coming combined Food Organics and Garden Organics (FOGO) bin household collection service in July 2017.**

The free competition offers primary and high schools, as well as community members, the opportunity to demonstrate their photographic skills while promoting waste reduction and celebrating the beauty of valuable resources that won't be disposed of into landfill.

Photographs may be on any composting topic and may feature composting bins, garden or food waste, people composting or recycling garden and food waste or using garden compost.

Up for the challenge? If so, click away! Photograph the theme of composting while using your imagination and creativity. Photographic expertise is not a requirement.

Photo captions must accompany all submissions and should include the subject of the image, where the image was taken, and the name of the photographer. You will be asked to provide copies of release forms if you have included individuals in your photo submission.

To enter, email Jpeg images to: [education@tweed.nsw.gov.au](mailto:education@tweed.nsw.gov.au)  
Entries can also be sent to:

**Tweed Shire Council  
Environmental Education  
Officer**

**Re: Photo Competition  
PO Box 816  
Murwillumbah NSW 2484**

**Closing date for  
email and postal  
entries is Friday  
20 May.**

One winner from each category (Primary School, High School and Community) will be announced.
